

I disapprove, and am vetoing and filing with the Secretary of State House Bill No. 422. I have heretofore signed House Bill No. 316 which amends the same Acts of the Legislature (Article 6675a-3 Vernon's Texas Civil Statutes) as House Bill No. 422. House Bill No. 316 re-letters the present Subsection (e) of that statute as Subsection (f) and inserts a new Subsection (e). This bill purports to add two new subsections to be referred to as Subsection (f) and (g). The signing of both bills would result in the statute having two Subsections (f). Since both bills were passed by the Legislature on the same day and become effective on the same date, a serious question of legality would occur from the signing of both bills.

Moreover, House Bill No. 422 authorizes certain organizations to register their motor vehicles by the payment of a minimal flat fee rather than the usual registration fees provided for all vehicles. I question the advisability of the establishment of such a precedent by this exception. Therefore, I disapprove House Bill No. 422.
